Hot-rolled products of structural steels UNI EN 10025.

Continuously hot rolled low carbon steel sheet and strip for cold forming UNI EN 10111. Hot-rolled flat products made of high yeld strength for cold forming UNI EN 10149.

TYPES OF FORMATS

Coils from 600 to 2,000 mm with slit and non-slit edges.

Strips from 20 to 600 mm with slit edges.

Flattened sheets in commercial and non-commercial formats.

Edged coils.

CONDITIONS OF SUPPLY

As per the standards of reference.
